

# 78 WILDPLANZEN EXTRAKTE DER FUNDUS VON NOESA.COM

Name / Latin Name / Ref.	
<b>AHIBAHINY</b> Erigeron naudinii (Maintsoririuina)	Country of origin: Madagascar Growing practice: wild Extraction method: steam distillation
<b>AMMI VISNAGA KHELLA</b>	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
<b>ANGELICA LEAF</b> Angelica sylvestris	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>BAY LAUREL</b> Laurus nobilis	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>BEIFUSS (white)</b> Artemisia herba alba	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
<b>BERG-GAMANDER (Amberkraut)</b> <b>MOUNTAIN GAMANDER</b> Teuricum montanum	Country of origin: Hungary Growing practice: wild Extraction method: steam distillation
<b>BLACKCURRANT BUD</b> Ribes nigrum	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>BLUE CHAMOMILE</b> Tanacetum annuum	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
<b>BLUPLÈVRE</b> Bupleurum fruticosum	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>CAJEPUT</b> Melaleuca leucadendron	Country of origin: Vietnam Growing practice: wild Extraction method: steam distillation
<b>CARAWAY</b> Carum carvi L.	Country of origin: Netherlands Growing practice: wild Extraction method: steam distillation
<b>CARROT SEED</b> Daucus carota ssp maximus	Country of origin: France Growing practice: wild Extraction method: steam distillation

<b>CEDARWOOD ATLAS</b> Cedrus atlantica	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
<b>CHAMOMILE GERMAN</b> Matiarca recutica	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>CHAMOMOLE WILD MARROCAN</b> Ormesis mixta	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
<b>CISTROSE</b> Cistus ladaniferus	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
<b>CITRONELLE</b> Cymbopogon citratus	Country of origin: Madagascar Growing practice: wild Extraction method: steam distillation
<b>CLOVE BUD</b> Eugenia caryophyllus	Country of origin: Madagascar Growing practice: wild Extraction method: steam distillation
<b>COPAIVA</b> Copaifera martii	Country of origin: Brazil Growing practice: wild Extraction method: steam distillation
<b>CYPRESS</b> Cupressus sempervirens	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>CYPRESS GLANCA</b> Cupressus sempervirens var, glanca	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
<b>ELEMI</b> Canarium luzonicum (MIQ) A.	Country of origin: Philippines Growing practice: wild Extraction method: steam distillation
<b>EUCALYPTUS GLOBULUS</b> Eucalyptus globulus	Country of origin: Spain Growing practice: wild Extraction method: steam distillation
<b>EUCALYPTUS GOMMIER</b> Eucalyptus camaldulensis	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>EUCALYPTUS RADIATA</b> Eucalyptus radiata	Country of origin: Australia Growing practice: wild Extraction method: steam distillation
<b>FRANKINSENCE</b> Boswelliacarterii	Country of origin: Somalia Growing practice: wild Extraction method: steam distillation

<b>GAZWAN</b> Macrotomia benthamii	Country of origin: Kashmir, Himalaya Growing practice: wild Extraction method: steam distillation
<b>GERANIUM</b> Pelargonium graveolens	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
<b>HARMALA SYRIAN RUE</b> Preganium harmala (Harmal)	Country of origin: Syria Growing practice: wild Extraction method: steam distillation
<b>HELICHRYSUM ITALIAN</b> Helichrysum italicum ssp italicum	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>HIMALAYA SPEARMINT</b> Mentha spicata ssp	Country of origin: Himalaya Growing practice: wild Extraction method: steam distillation
<b>IMMORTELE</b> Helichrysum gymnocephalum	Country of origin: Madagascar Growing practice: wild Extraction method: steam distillation
<b>INULA</b> Inula graveolens	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>JUNIPER BERRY</b> Juniperus communis	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>JUNIPER MONTANA</b> Juniperus communis var montana	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>LABDANUM</b> Cistus ladaniferus	Country of origin: Spain Growing practice: wild Extraction method: steam distillation
<b>LASER HERB</b> Laserpitium latifolium	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>LAVENDER SAGE</b> Salvia lavandufolia	Country of origin: Spain Growing practice: wild Extraction method: steam distillation
<b>LAVENDER VERA WILD</b> Lavandula angustifolia	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>LEDON</b> Ledum groenlandicum	Country of origin: Canada Growing practice: wild Extraction method: steam distillation

<b>LEMONGRASS</b> Cymbopogon citratus	Country of origin: Java Growing practice: wild Extraction method: steam distillation
<b>LITSEA CUBEBA</b> Litsea cubeba persvon	Country of origin: China Growing practice: wild Extraction method: steam distillation
<b>MANUKA</b> Leptospermum scoparium	Country of origin: Australia Growing practice: wild Extraction method: steam distillation
<b>MASTIC</b> Pistacia lentiscus folium	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>MINT ARVENSIS</b> Mentha arvensis	Country of origin: China Growing practice: wild Extraction method: steam distillation
<b>MINT WILD</b> Mentha sylvestris	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>MÖNCHSPFEFFER</b> Vitex agnus castus	Country of origin: Turkey Growing practice: wild Extraction method: steam distillation
<b>MUGWORT</b> Artemisia herba alba Asso	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
<b>MYRRH</b> Commiphora myrrha	Country of origin: Africa Growing practice: wild Extraction method: steam distillation
<b>MYRTLE GREEN</b> Myrtus communis	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>NIAOULI</b> Melaleuca quinquenervia	Country of origin: Madagascar Growing practice: wild Extraction method: steam distillation
<b>NUTMEG</b> Myristica fragrans	Country of origin: Indonesia Growing practice: wild Extraction method: steam distillation
<b>OREGANO WILD</b> Origanum compactum	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
<b>RED THYME</b> Thymus vulgaris	Country of origin: Spain Growing practice: wild Extraction method: steam distillation

<p><b>ROSEMARY CAMPHER</b> Rosmarinus officinalis camphoriferum</p>	<p>Country of origin: France Growing practice: wild Extraction method: steam distillation</p>
<p><b>ROSEMARY CINEOLE</b> Rosmarinus officinalis cineoliferum</p>	<p>Country of origin: Morocco Growing practice: wild Extraction method: steam distillation</p>
<p><b>ROSEMARY VERBENONE</b> Rosmarinus officinalis verbenoniferum</p>	<p>Country of origin: France Growing practice: wild Extraction method: steam distillation</p>
<p><b>SAGE SPANISH</b> Salvia lavandulifolia</p>	<p>Country of origin: Spain Growing practice: wild Extraction method: steam distillation</p>
<p><b>SANDALWOOD</b> Santalum austocaledium</p>	<p>Country of origin: France (New Caledonia) Growing practice: wild Extraction method: steam distillation</p>
<p><b>SASSAFRAS</b> Cinnamomum micranthum hayata</p>	<p>Country of origin: China Growing practice: wild Extraction method: steam distillation</p>
<p><b>SITKA SPRUCE</b> Picea sitchensis</p>	<p>Country of origin: France Growing practice: wild Extraction method: steam distillation</p>
<p><b>SOLIDAGE</b> Solidago canadensis</p>	<p>Country of origin: Canada Growing practice: wild Extraction method: steam distillation</p>
<p><b>SPIKENARD</b> Nardostachys jatamansi DC</p>	<p>Country of origin: India Growing practice: wild Extraction method: steam distillation</p>
<p><b>ST JOHN'S WORT</b> Hypericum perforatum</p>	<p>Country of origin: France Growing practice: wild Extraction method: steam distillation</p>
<p><b>ST THOMAS BAY</b> Pimenta racemosa</p>	<p>Country of origin: Jamaica Growing practice: wild Extraction method: steam distillation</p>
<p><b>TANSY</b> Tanacetum vulgare</p>	<p>Country of origin: France Growing practice: wild Extraction method: steam distillation</p>
<p><b>TARRAGON</b> Artemisia dracunculus</p>	<p>Country of origin: France Growing practice: wild Extraction method: steam distillation</p>

<b>TEA TREE "SQUAMO"</b> <i>Melaleuca squamophloia</i>	Country of origin: Australia Growing practice: wild Extraction method: steam distillation
<b>THYMBRA</b> <i>Thymbra spicata</i>	Country of origin: Turkey Growing practice: wild Extraction method: steam distillation
<b>THYME CT BORNEOL</b> <i>Thymus satureioides</i>	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
<b>THYME CT CINEOL</b> <i>Thymus vulgare cineoliferum</i>	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>THYME CT THUJANOL</b> <i>Thymus vulgaris thujanoliferum</i>	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>THYME CV LINALOL</b> <i>Thymus vulgaris linaoliferum</i>	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>VETIVER</b> <i>Vetiveria zizanoides</i>	Country of origin: Himalaya Growing practice: wild Extraction method: steam distillation
<b>WINTERGREEN</b> <i>Gaultheria fragrantissima</i>	Country of origin: Himalaya / Nepal Growing practice: wild Extraction method: steam distillation
<b>YARROW</b> <i>Achillea millefolium</i>	Country of origin: France Growing practice: wild Extraction method: steam distillation
<b>YLANG YLANG EXTRA</b> <i>Cananga odorata</i>	Country of origin: Madagascar Growing practice: wild Extraction method: steam distillation
<b>ZANTHOXYLUM EXTRA</b> <i>Zanthoxylum rhetsa</i> (limonella)	Country of origin: Himalaya / Nepal Growing practice: wild Extraction method: steam distillation
