

78 WILD PLANT EXTRACTS

THE FUND OF NOESA

Name / Latin Name / Ref.	
AHIBAHINY Erigeron naudinii (Maintsoririuina)	Country of origin: Madagascar Growing practice: wild Extraction method: steam distillation
AMMI VISNAGA KHELLA	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
ANGELICA LEAF Angelica sylvestris	Country of origin: France Growing practice: wild Extraction method: steam distillation
BAY LAUREL Laurus nobilis	Country of origin: France Growing practice: wild Extraction method: steam distillation
BEIFUSS (white) Artemisia herba alba	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
BERG-GAMANDER (Amberkraut) MOUNTAIN GAMANDER Teuricum montanum	Country of origin: Hungary Growing practice: wild Extraction method: steam distillation
BLACKCURRANT BUD Ribes nigrum	Country of origin: France Growing practice: wild Extraction method: steam distillation
BLUE CHAMOMILE Tanacetum annuum	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
BLUPLÈVRE Bupleurum fruticosum	Country of origin: France Growing practice: wild Extraction method: steam distillation
CAJEPUT Melaleuca leucadendron	Country of origin: Vietnam Growing practice: wild Extraction method: steam distillation
CARAWAY Carum carvi L.	Country of origin: Netherlands Growing practice: wild Extraction method: steam distillation
CARROT SEED Daucus carota ssp maximus	Country of origin: France Growing practice: wild Extraction method: steam distillation

CEDARWOOD ATLAS Cedrus atlantica	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
CHAMOMILE GERMAN Matiarca recutica	Country of origin: France Growing practice: wild Extraction method: steam distillation
CHAMOMOLE WILD MARROCAN Ormesis mixta	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
CISTROSE Cistus ladaniferus	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
CITRONELLE Cymbopogon citratus	Country of origin: Madagascar Growing practice: wild Extraction method: steam distillation
CLOVE BUD Eugenia caryophyllus	Country of origin: Madagascar Growing practice: wild Extraction method: steam distillation
COPAIVA Copaifera martii	Country of origin: Brazil Growing practice: wild Extraction method: steam distillation
CYPRESS Cupressus sempervirens	Country of origin: France Growing practice: wild Extraction method: steam distillation
CYPRESS GLANCA Cupressus sempervirens var, glanca	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
ELEMI Canarium luzonicum (MIQ) A.	Country of origin: Philippines Growing practice: wild Extraction method: steam distillation
EUCALYPTUS GLOBULUS Eucalyptus globulus	Country of origin: Spain Growing practice: wild Extraction method: steam distillation
EUCALYPTUS GOMMIER Eucalyptus camaldulensis	Country of origin: France Growing practice: wild Extraction method: steam distillation
EUCALYPTUS RADIATA Eucalyptus radiata	Country of origin: Australia Growing practice: wild Extraction method: steam distillation
FRANKINSENCE Boswelliacarterii	Country of origin: Somalia Growing practice: wild Extraction method: steam distillation

GAZWAN Macrotomia benthamii	Country of origin: Kashmir, Himalaya Growing practice: wild Extraction method: steam distillation
GERANIUM Pelargonium graveolens	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
HARMALA SYRIAN RUE Preganium harmala (Harmal)	Country of origin: Syria Growing practice: wild Extraction method: steam distillation
HELICHRYSUM ITALIAN Helichrysum italicum ssp italicum	Country of origin: France Growing practice: wild Extraction method: steam distillation
HIMALAYA SPEARMINT Mentha spicata ssp	Country of origin: Himalaya Growing practice: wild Extraction method: steam distillation
IMMORTELE Helichrysum gymnocephalum	Country of origin: Madagascar Growing practice: wild Extraction method: steam distillation
INULA Inula graveolens	Country of origin: France Growing practice: wild Extraction method: steam distillation
JUNIPER BERRY Juniperus communis	Country of origin: France Growing practice: wild Extraction method: steam distillation
JUNIPER MONTANA Juniperus communis var montana	Country of origin: France Growing practice: wild Extraction method: steam distillation
LABDANUM Cistus ladaniferus	Country of origin: Spain Growing practice: wild Extraction method: steam distillation
LASER HERB Laserpitium latifolium	Country of origin: France Growing practice: wild Extraction method: steam distillation
LAVENDER SAGE Salvia lavandufolia	Country of origin: Spain Growing practice: wild Extraction method: steam distillation
LAVENDER VERA WILD Lavandula angustifolia	Country of origin: France Growing practice: wild Extraction method: steam distillation
LEDON Ledum groenlandicum	Country of origin: Canada Growing practice: wild Extraction method: steam distillation

LEMONGRASS Cymbopogon citratus	Country of origin: Java Growing practice: wild Extraction method: steam distillation
LITSEA CUBEBA Litsea cubeba persvon	Country of origin: China Growing practice: wild Extraction method: steam distillation
MANUKA Leptospermum scoparium	Country of origin: Australia Growing practice: wild Extraction method: steam distillation
MASTIC Pistacia lentiscus folium	Country of origin: France Growing practice: wild Extraction method: steam distillation
MINT ARVENSIS Mentha arvensis	Country of origin: China Growing practice: wild Extraction method: steam distillation
MINT WILD Mentha sylvestris	Country of origin: France Growing practice: wild Extraction method: steam distillation
MÖNCHSPFEFFER Vitex agnus castus	Country of origin: Turkey Growing practice: wild Extraction method: steam distillation
MUGWORT Artemisia herba alba Asso	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
MYRRH Commiphora myrrha	Country of origin: Africa Growing practice: wild Extraction method: steam distillation
MYRTLE GREEN Myrtus communis	Country of origin: France Growing practice: wild Extraction method: steam distillation
NIAOULI Melaleuca quinquenervia	Country of origin: Madagascar Growing practice: wild Extraction method: steam distillation
NUTMEG Myristica fragrans	Country of origin: Indonesia Growing practice: wild Extraction method: steam distillation
OREGANO WILD Origanum compactum	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
RED THYME Thymus vulgaris	Country of origin: Spain Growing practice: wild Extraction method: steam distillation

ROSEMARY CAMPHER Rosmarinus officinalis camphoriferum	Country of origin: France Growing practice: wild Extraction method: steam distillation
ROSEMARY CINEOLE Rosmarinus officinalis cineoliferum	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
ROSEMARY VERBENONE Rosmarinus officinalis verbenoniferum	Country of origin: France Growing practice: wild Extraction method: steam distillation
SAGE SPANISH Salvia lavandulifolia	Country of origin: Spain Growing practice: wild Extraction method: steam distillation
SANDALWOOD Santalum austocaledium	Country of origin: France (New Caledonia) Growing practice: wild Extraction method: steam distillation
SASSAFRAS Cinnamomum micranthum hayata	Country of origin: China Growing practice: wild Extraction method: steam distillation
SITKA SPRUCE Picea sitchensis	Country of origin: France Growing practice: wild Extraction method: steam distillation
SOLIDAGE Solidago canadensis	Country of origin: Canada Growing practice: wild Extraction method: steam distillation
SPIKENARD Nardostachys jatamansi DC	Country of origin: India Growing practice: wild Extraction method: steam distillation
ST JOHN'S WORT Hypericum perforatum	Country of origin: France Growing practice: wild Extraction method: steam distillation
ST THOMAS BAY Pimenta racemosa	Country of origin: Jamaica Growing practice: wild Extraction method: steam distillation
TANSY Tanacetum vulgare	Country of origin: France Growing practice: wild Extraction method: steam distillation
TARRAGON Artemisia dracunculus	Country of origin: France Growing practice: wild Extraction method: steam distillation

TEA TREE "SQUAMO" Melaleuca squamophloia	Country of origin: Australia Growing practice: wild Extraction method: steam distillation
THYMBRA Thymbra spicata	Country of origin: Turkey Growing practice: wild Extraction method: steam distillation
THYME CT BORNEOL Thymus satureioides	Country of origin: Morocco Growing practice: wild Extraction method: steam distillation
THYME CT CINEOL Thymus vulgare cineoliferum	Country of origin: France Growing practice: wild Extraction method: steam distillation
THYME CT THUJANOL Thymus vulgaris thujanoliferum	Country of origin: France Growing practice: wild Extraction method: steam distillation
THYME CV LINALOL Thymus vulgaris linaoliferum	Country of origin: France Growing practice: wild Extraction method: steam distillation
VETIVER Vetiveria zizanoides	Country of origin: Himalaya Growing practice: wild Extraction method: steam distillation
WINTERGREEN Gaultheria fragrantissima	Country of origin: Himalaya / Nepal Growing practice: wild Extraction method: steam distillation
YARROW Achillea millefolium	Country of origin: France Growing practice: wild Extraction method: steam distillation
YLANG YLANG EXTRA Cananga odorata	Country of origin: Madagascar Growing practice: wild Extraction method: steam distillation
ZANTHOXYLUM EXTRA Zanthoxylum rhetsa (limonella)	Country of origin: Himalaya / Nepal Growing practice: wild Extraction method: steam distillation
